Provides a bespoke fully managed live-in care service tailored to meet your family's needs.

Planning Future Needs

FULLY MANAGED

Understanding home care costs is essential for finding the right care plan for your family. These costs can vary significantly based on the employment model, the level of care required, and your specific needs.

Administrative

When you use a managed care agency, the agency acts as the legal employer of the care worker. This removes a massive amount of administrative burden from you and your family. The agency handles salary, PAYE taxes, and pension contributions. If your primary carer goes on annual leave, the agency automatically provides a trained relief carer. One of the greatest benefits of managed care is that you are never left without support

Insurance

For your absolute peace of mind, we take care of the safety net. Philcare Ireland holds full public and employer liability insurance to protect our carers and your family while support is being delivered in your home

Person-centred alternative to residential facilities

LIVE-IN CARE

A fully managed live-in care service is the ultimate stress-free solution for full-time support. A professional carer resides in your home to provide round-the-clock assistance. The agency provides you with your chosen care worker that meet s your individual needs.

Expert Recruitment

Our role at Philcare Recruitment Ireland ltd is to facilitate employment solutions for Irish families seeking professional live-in carers. We recruit qualified Filipino healthcare assistants and nurses, both locally and internationally, for dedicated live-in job placements within Ireland."
